What makes a good NRL Team?

There are many ways to the top.
Here's a visual breakdown of the ways a team can be strong

Overall Dominance

Here are the points differential per match of each team

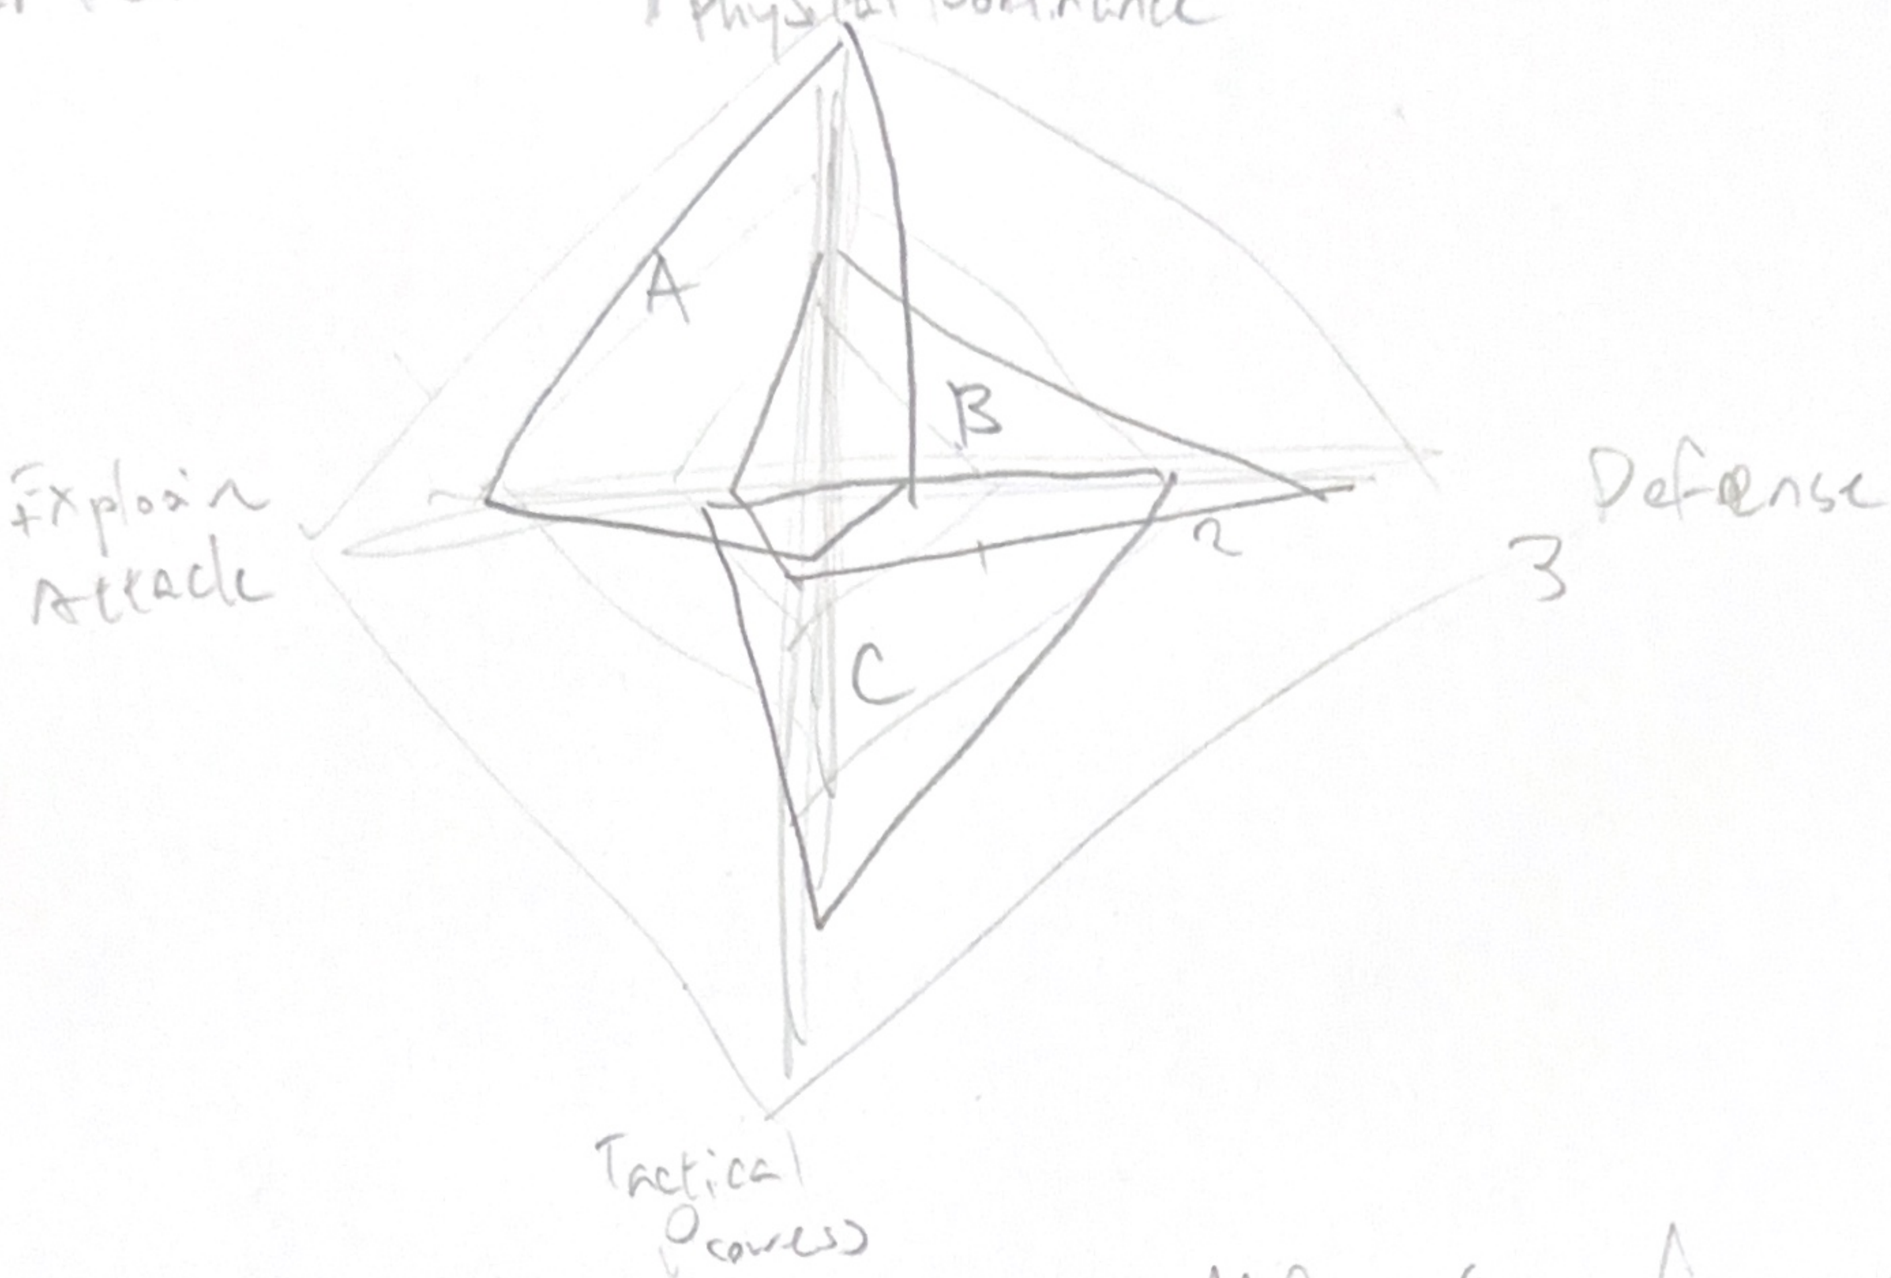

Blah team is strongest, however, this doesn't explain why.

Home or Away?

Whether the team is the home or away team affects performance

Performance profile of the top 3

The top 3 teams, A, B, C have different performance profiles.

Some Winners take a path of struggle

Sometimes the performance of a team can be attributed to the maintenance of form

Conclusion

There are good teams and bad teams.
Their performance depend on location, player mix and maintenance of form. Ladders only tell half the story.
